

# Breaking the Box Office Without Breaking the Close

Thursday, July 25, 2019

## Program Description

In a world where no one is certain about the numbers and the month-end close takes days, the extraordinary accountants from Cinemark will embark on a journey to defeat overtime and manual processes.

From the computer screen to the big screen, Cinemark relied on technology to help achieve success. Supporting cast members, Vaco and BlackLine, also star in this story of trust, efficiency, and productivity.

Tune in to this webinar to:

- Learn how finance automation will increase trust across your cast & crew
- Hear how Vaco has helped implement BlackLine for nearly 200 companies, leading to stellar premieres and rave reviews
- Take a behind-the-scenes look at how Cinemark implemented BlackLine to standardize their processes and gain visibility into their financials
